We have to get these cleared by pio and get some facetweets written to accompany them.

Do we have captions? Do we have clearance from the photographer (written)?

Subject: Captioned Saturday Animas River Recreation

My apologies to those of you who may have received these photos earlier today. These have captions on the photos themselves with date and location.

Since there are 8, I reduced file size for e-mailing. If any of you need higher resolution versions, e-mail me back and tell me which ones. The originals run from 3MB to 5MB each.

Also, let me know if you want the captioned or non-captioned version.

It is 2:40PM Saturday. I will be in the field for the next 2-3 hours so won't be able to send you larger file size versions until after that.
